About Institute:

The Anjuman College of Engineering and Technology [A.C.E.T.] is managed by Anjuman Hami-E-Islam, Nagpur. It is a pioneer Educational Trust, serving the cause of education in the region, for well over 125 years. Irrespective of the considerations of the various caste and creed It has wide spread reputation in the field of education in Vidharbha and is currently running 20 educational Institutions. Anjuman Hami-E-Islam started an Engineering College from academic year 1999-2000 with five branches Mechanical, Electrical, Electronics and Telecommunication, Computer Science & Engineering and Civil Engineering.

About Department:

The Department is equipped with huge infrastructure and all facilities with highly qualified & experienced Staff to cater the need for intake of 120 students. The department has dedicated 100 Mbps internet leased line for connecting all departments and their laboratories to share the information at the finger tip. To keep pace with the current technological trends the Department regularly conducts various Workshops Seminars and Conferences on recent trends in technology under ISTE & CSI. Various training programs have been organized to acquaint the students and faculty with the practical tools required in the curriculum.

Objectives of STTP:

- To discuss major categories , techniques and processes of open source
- To design the use of major experimental methods of Linux programming
- To discuss recent areas and uses of open source tools
- To make general public aware with the use and modification to be contributed in original operating system design

Course Content:

- Linux Shell Programming
- Linux Administrations
- C/C++/ JAVA Programming under Linux
- Open Office
- Migration from windows to Linux

Resource Faculty:

The expert lectures in this STTP will be delivered by

Mr. Madan Tiwari
Principal Consultant, Click2Cloud Inc. (USA)

He has around 30 years of experience in International Certification from Redhat & Microsoft.
