SUB : APPROVAL & SANCTION OF AMOUNT TOWARDS UPGRADING OF ERP SOFTWARE.

Respected Sir,

With respect to the above cited subject, this is concerning the Academic Monitoring Software of our college. The ERP Software from Synchronik Inc was initially installed in the year 2010 and has not been upgraded since then.

I have received an application from the Incharge, ERP Software of our college, requesting to upgrade the existing software. The same software with upgraded version and new features like **Android Mobile App** for students and faculties is available which is more user friendly. With the new upgraded version, the faculties can post study material to the students. Moreover the students performance and attendance record can be forwarded to the parent/guardian through the mobile app.

The Synchronik Inc after the final negotiation are ready to provide the upgraded version along with one year annual maintenance contract at the cost of Rs. 95,000/- .

You are requested to kindly grant your approval and sanction an amount of Rs. 95,000/- towards upgrading the ERP software.

Thanking you,

Yours faithfully,
