

ERP (Enterprise Resource Planning)

The name of Enterprise Resource Planning Software of our institute is ACET Portal. It was designed & developed for ACET in-house by Dr. Syed Irfan Ali, Assistant Professor, Artificial Intelligence & Data Science Department and is well established and fully functional. It can generate various reports, maintaining institutional data in cloud remote directories and databases. The functionalities are enlisted below.

1. Secured login for various stake holders such as students, staff, alumni, etc. with a dashboard, password recovery, profile update options.

2. Admission Module: It facilitates students to fill in the admission form online, which is approved at the office.
