***Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens***

The soul of cultural heritage of India lies in the fact that it's an all embracing confluence of religions, traditions, customs and belief. Its ethnic diversities governed and guided by the Constitution irrespective of caste, religion, race and gender. Anjuman College of Engineering & Technology [ACET] sensitizes the students and the employees of the institution to the constitutional obligations about values, rights, duties, and responsibilities of citizens which enables them to conduct as a responsible citizen.

To equip students with the knowledge, skill, and values that are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible, and affordable learning environment. These elements are inculcated in the value system of the college community. The students are inspired by participating in various programs on culture, traditions, values, duties, and responsibilities by inviting prominent people. The institute conducted awareness programs on the ban on plastics, cleanliness, Swachh Bharat, etc. involving students and staff.

The college establishes policies that reflect core values. Code of conduct is prepared for students and staff and everyone should obey the conduct rules. The affiliating University curriculum is framed with mandatory courses like Professional ethics and human values as well like Energy and Environment, Communication Skills, Indian Culture and Constitution of India, Universal Human values, Environmental Science, as a small step to inculcate constitutional obligations among the students.

Webinars, Guest lecturers and events were organized by eminent personalities to deliver lectures on various issues on values, duties, and responsibilities and on saving the environment.
