ACADEMIC SESSION 2019-2020

Best Practice 1

1. **Title of Practice:** National level Conferences on Advances in Engineering and Applied Sciences(NCAEAS)to provide platform to innovative academicians and researchers.
2. **Objective of the Practice:**
 - To provide an interdisciplinary platform and opportunity for academicians, engineers, scientists, researchers and industrial professionals in India.
 - To identify and conceptualize new innovative ideas, share and express their valuable findings and thoughts.
 - To promote staff and students across India to have scientific discussions on the latest developments and emerging areas in the engineering and sciences.
 - To motivate in publishing quality research work in international / national journals
3. **The Context:**

The aim of the conference is to bring together the academicians, researchers and students for exchanging knowledge and ideas in the field of engineering, science and technology. NCAEAS particularly welcomes the emerging areas and techniques in concise. It addresses the challenging demands of today's industries, maintain the relevance of classroom teaching and sustain student's interest in class. It also raises standards to cope up with technologically advanced, culturally diverse societies of the world. It hereby makes students globally competent and planned to set their educational objectives for establishing the interdisciplinary curriculum.
4. **The Practice:**

Promote professional interaction and lifelong learning and encourage regional and international communication and collaboration. It recognizes individuals with their outstanding contributions in an organization. Such conferences inspire UG and, PG level student, research scholar to pursue further studies relevant branches and get themselves specialized in its application areas.
5. **Evidence of Success:**
