### **ABOUT ANJUMAN COLLEGE OF ENGINEERING & TECHNOLOGY**

The Anjuman College of Engineering and Technology [ A.C.E.T.] recently accredited A+ by NAAC is managed by Anjuman Hami-E-Islam, Nagpur. It is a pioneer Educational Trust, serving the cause of education in the region, for well over 136 years. Irrespective of the considerations of the various caste and creed, it has wide spread reputation in the field of education in Vidarbha and is currently running 20 educational Institutions. Anjuman Hami- E-Islam started an Engineering College from academic year 1999-2000 with three branches Mechanical, Electrical, Electronics and Telecommunication, two more branches viz. Computer Science & Engineering and Civil Engineering has been added. Also in order to meet Industry challenges, Artificial intelligence and Data Science branch was introduced. Slowly and steadily the College has carved a niche for itself and has established as a reputed educational institute in central India. Visit us on [www.anjumanengg.edu.in](http://www.anjumanengg.edu.in) for more details.

### **ABOUT THE DEPARTMENT**

The Department of Civil Engineering was established in the year 2010 with an intake of 60. The department is well equipped with modern equipment's and highly advanced laboratories. Department of Civil engineering is spearheaded by highly competent, dedicated, well qualified and experienced faculties having roots with NIT. The department is providing avenues for the students to qualify themselves as good Civil Engineers and provide their contribution to the development of society and nation. Miss.Jagruti Bhatt stood 1st and recently received 3 Gold medal in the Convocation of RTMNU. Keeping in view the fast changing scenario, it is essential to develop various extracurricular skills like administrative, managerial and social. The Civil Engineering Department has formed student forum named “ACES”. This cell helps the students to develop their extracurricular skills and provide a platform to interact with other college students and faculties. The department has organized various events like one day workshop, site visits, guest lectures along with one week industrial tour to develop the student in the field of special technique and modern construction practices.
