# KRANS

Department of  
Computer  
Science &  
Engineering

**From HOD'S DESK**

**PROF. NAZISH KHAN**  
HEAD CS&E DEPARTMENT

It gives me immense pleasure to present this edition of our departmental newsletter, a reflection of our shared journey of innovation, dedication, and academic excellence. Since its inception in 2002, the Department of Computer Science and Engineering has been committed to shaping responsible professionals equipped with cutting-edge knowledge and a strong ethical foundation.

Our department takes pride in its qualified faculty, advanced infrastructure, and student-centered learning environment. We continue to enhance our teaching methods by integrating real-world projects, research, and industry exposure. The accomplishments of our students – in academics, placements, and national-level competitions – are a testament to our collective efforts.

With technology evolving rapidly, we are aligning our curriculum with emerging areas such as Artificial Intelligence, Machine Learning, Data Science, and Cyber security. Our aim is to foster critical thinking, problem-solving skills, and a spirit of innovation among students.

As we move forward, our focus remains on nurturing a culture of academic rigor, creativity, and inclusivity. I congratulate our students, faculty, and alumni for their consistent efforts and achievements, and I look forward to even greater milestones ahead.

## DEPARTMENTAL STAFF

**Teaching Staff Members with Principal and Head of the Department**

**Teaching and Non-Teaching Staff Members with Principal and Head of the Department**

## DEPARTMENTAL LABS

**Hardware Lab**

**Project Lab**

**Programming Language Lab**

**Object Oriented Programming Lab**

**Computer Workshop Lab**

**Computer Network Lab**

## **CLASS TOPPERS**

**Departmental Rank Holder with Principal, Head of the Department and Deans.**
