Department of
Electronics &
Telecommunication
Engineering

From HOD'S DESK

The Scientist discovers what exists.

The Engineer creates what never was.

Dr. Ruhina Quazi

HEAD, E&TC ENGINEERING,
DEPARTMENT

The department came into existence with a mission to provide value based technical education and to mould the character of the younger generations, through synthesis of science and engineering. to prepare graduates who possess the necessary foundation required to take up gainful employment in core and allied sectors. the program provides knowledge necessary to comprehend fundamentals of both hardware and software engineering fields. there is a tremendous requirement of electronics and telecommunication engineers every year in the fields like mobile communication, networking, vlsi, embedded systems, signal processing etc. this only goes to indicate that, as in past, electronics and telecommunication engineering discipline will continue to offer lucrative jobs for many more years to come, hence probably termed as an evergreen branch of engineering.

VISION

TO BECOME EXCELLENT IN ELECTRONICS & TELECOMMUNICATION ENGINEERING WITH MORAL & SOCIAL ETHICS AND TO BE GLOBALLY COMPETENT.

MISSION

1. TO CREATE CONDUCTIVE ACADEMIC CULTURE FOR LEARNING AND IDENTIFYING CAREER GOALS IN THE FIELD OF ELECTRONICS & TELECOMMUNICATION ENGINEERING.
2. TO IMPART RESEARCH ORIENTED TECHNICAL EDUCATION IN ELECTRONICS & TELECOMMUNICATION ENGINEERING.
3. TO IMPART NECESSARY SKILLS AND PROMOTE PROFESSIONAL PRACTICE TO ENHANCE PLACEMENT AND ENTREPRENEURSHIP IN ELECTRONICS AND TELECOMMUNICATION CONTRIBUTING TO THE SOCIO-ECONOMIC GROWTH.
4. TO INCULCATE CORE VALUES AND ETHICS.

CENTRE OF EXCELLENCE OF E&TC DEPARTMENT “e-YANTRA LAB in Association with IIT-BOMBAY”

The Department of Electronics & Telecommunication Engineering at Anjuman College of Engineering and Technology successfully organized the virtual inauguration of the "Embedded System and Robotics Lab" under the e-Yantra Lab Setup Initiatives by IIT Mumbai. The virtual inauguration marked the beginning of a new era in engineering education and research at Anjuman College. The lab will provide students with hands-on experience in embedded systems and robotics, bridging the gap between academia and industry.
